BLESSED PIUS

2024 Graduation Ceremony

A WELCOME ADDRESS PRESENTED BY COMR. OBINNA PIUS IBINA, FOUNDER AND PROPRIETOR OF THE BLESSED PIUS ACADEMY, OKARIA NKALEKE ON THE OCASSION OF THE YEAR 2024 GRADUATION CEREMONY HELD AT BLESSED PIUS ACADEMY, OKARIA.

Protocols:

In the spirit of celebration and joy, I on behalf of the staff and students of Blessed Pius Academy (BPA) Okaria welcome you to the year 2024 graduation and project inauguration ceremony of Blessed Pius Academy. I am delighted to stand before you today as we are celebrating yet another year of excellence, hard work and sincerity of purpose. To everything, there is a season and a time for every purpose. This is quite true for the just concluded academic session. It is time to celebrate all our graduating students' outstanding achievements.

We ascribe all the glory to God, our pillar and our strength whose infinite mercy and love have continued to shower on all of us. In a very special way, we acknowledge the first citizen and the performing governor of our dear state, **His Excellency, Rt. Hon. Bldr. (Dr.) Francis Ogbonna Nwifuru, FNIQB, FCAI, GGCEHF**, for his consistent support to the academic development of the state by providing an enabling environment for BPA to operate.

The Blessed Pius Academy Okaria was established on the 4th day of September 2017. Since the inception of the school, we have been striving to become the best among our equals. This is proven by the tireless efforts of the school management to ensure that her students receive the best teaching and learning, as it relates to the best quality and standard of teaching in Nigeria despite her enormous challenges. These challenges are mostly centred on the low population of students and the bad economy. Despite all these odds, the school remained resolute in delivering the best standard of education even with the most affordable school fees.

Let me highlight to you that the standard of education and the people you meet here are worth more than you can imagine. Most importantly, the academy encourages and supports students' dreams and aspirations. No doubt, we are committed to the highest academic standards, together with strong and effective guidance and support, and various enriching programmes. This commitment is exhibited by our high-quality academic and support staff, who are dedicated to ensuring the best possible outcome of a learning experience that will provide every student an opportunity to succeed.

BLESSED PIUS
ACADEMY OKARIA

2024 Graduation Ceremony

I am thankful to God for the consistently excellent academic performance of our students in all external examinations. I am grateful to all my indefatigable teachers for their dedication, commitment, perseverance and a display of high level of competence to ensure that qualitative education impacts our students. With little or no supervision, they give their best to the students. I must not forget to thank the Management team for their support, pieces of advice, suggestions and criticisms, only to ensure that the best is achieved at all times.

I want you our graduating students to remember that you are saddled with the responsibility of representing the Academy and our great country, Nigeria. As students who have been trained by loving and caring parents and dedicated teachers, it will be a disservice to us to hear later that you are a member of any cult group or drug addict. It is our earnest desire to hear your names among great achievers.

I want to use this opportunity to appeal to some parents that the training and upbringing of a child should not be left as an exclusive preserve for the school alone. In addition to paying the school fees, tenacious parental attention to academic progress is essentially vital. I am apologetic to say that some parents neither spare their time to go through the school newsletter nor check their wards end of term results.

Dear esteemed guests and parents, despite these successes recorded, we are still left with numerous challenges and needs that require your interventions to surmount. The challenges are listed below;

1. School borehole
2. WAEC subjects accreditation approval
3. Electricity or solar system power
4. Additional land for establishment of Nursery and Primary school unit
5. School bus

We therefore humbly request your maximum support to handle these challenges.

Finally, we appreciate the support of our student's parents, guests who have worked tirelessly to be part of our success story through backing and full cooperation.

Thanks and God bless you all.

Goodwill Message

"The journey of a thousand miles they say, begins with a step." Your journey into Blessed Pius Academy, Okaria, began on a particular day and ends today, the 13th of July, 2024. You are about to embark on another journey for which Blessed Pius Academy Okaria has prepared you, to face the challenges of the macro and more complex society and in the field of academics activities. You must have wondered when your journey through Blessed Pius Academy Okaria would come to an end, and you also must have wished that it ended sooner. Well, there is a time for everything, and today is that day that seemed so far away, which you yearned for so much. Today marks the end of your stay in the particular class you're in this academy and for some, today marks the end of your stay in this academy, and indeed, a solemn moment to reflect on your life and the journey so far.

Beloved children and my fellow students, life is like a fertile piece of land that gives back double fold, every labour you put into it. If you sow good seeds, you reap good fruits, but when you sow bad ones, the reverse then becomes the case. Whatever seed you sow, you bountifully reap. Do not spoil your harvest by sowing tares. You are living testimonies of God or Satan. So only you can say whose testimony you are; for by your fruits, you shall be known.
